Top-20 Training Program
(Binary Search Problems)

Apply the solution building strategies discussed in class to solve following problems.

Group1: Smart Search
https://leetcode.com/problems/guess-number-higher-or-lower/description/
https://leetcode.com/problems/first-bad-version/description/

Group2: Search for a Range
https://leetcode.com/problems/search-for-a-range/description/

Group3: Find Peak Element
https://leetcode.com/problems/find-peak-element/description/

Group4: Rotated Sorted Array Problems
https://leetcode.com/problems/find-minimum-in-rotated-sorted-array/description/
https://leetcode.com/problems/find-minimum-in-rotated-sorted-array-ii/description/

Group5: Search a 2D Matrix
https://leetcode.com/problems/search-a-2d-matrix-ii/description/
